DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-3 are rejected under 35 U.S.C. 102(b) as being anticipated by Hickey, U.S. 6,266,465.

Hickey discloses in figure 1 a wellbore junction (col. 2, lines 7-11) having longitudinally extending branches or bores (10,12) at a web or junction (30) and a casing (32); wherein the casing and junction are configured to resist 10,000 psi (col. 3, lines 7-15).

Allowable Subject Matter

Claims 4-10 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claims 11, 13-19, 22-27, 29-32, 34-39, 41-43, 45 and 49-56 are allowed.

Response to Arguments

Applicant's arguments filed 5 February 2007 have been fully considered but they are not persuasive.

Applicants argue the prior art conduit does not constitute a casing string.

The tubular conduit is specifically designed for downhole use and is considered to meet the limitation of the casing string substantially as claimed. See also column 1, lines 10-13.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
